Family Night

Season Premiere

What a wonderful time it is to be a panther and part of the “Marching Band of Gold.” Our students have been working hard the heat and rain to get our show to the best it can be. We would like to invite our friends and family to the high school band hall and football field this Friday (the 17th) to see the band and meet the staff. We are going to start @ 7:00pm. There is no admission and open to everyone. Students should wear gold shirts and black shorts. I would also like to thank you parents for letting me have your kids a few extra days for rehearsal. Keep an eye on the weather. Rain might have a part in a delay or cancelation.

Meet the Panthers

August 18th

Parents, I was approached by coach last week, he would love for the band to perform at meet the panthers on this Saturday. It should be a quick performance and we will wear our gold shirts and black shorts (since we wore them the day before, please make sure they are washed.) I am still waiting for the time and I will put it on the PCS band booster Facebook page, Pell City HS Band of Gold Facebook page and the website when I get the actual performance time. Thanks

Note from the Director

Parents and Students,

Perfection is something that can never be achieved. On another note, if you shoot for perfection, excellence can be gained. Many of our younger students have never been held to such a standard. Many do not understand that their input to the program affects the outcome of the group. This is a great learning opportunity for our children. Take a moment to sit down with your child and explain the importance of group work and how each person adds to the greatness of the group. Note that each person relies on the other to have ownership of their duties and to execute. It is hard for a rookie to see the end goal due to their inexperience. We are moving in the right direction, we just have to keep moving and not stall.

I want to thank all of my parents and student leaders that help out the band. From booster parents, section leaders to water and field crew. Thank you for passion to make this program the best it has ever been. Thank you for taking pride in doing the small things to make us great. Thank you for your perseverance in pushing through tired bodies, hot temperatures and long hours. We have the best program in the state.

Musically yours,

Corey Funderburg
